Did you Know... starting primary school or moving to high school can be daunting for you and your child, but it marks the start of an exciting new chapter. Before you know it, your child will be making friends, learning new skills, and becoming increasingly independent.

**Congratulations to all the children
that achieved 100% attendance
for our May Challenge.**

The children were so proud to get a golden ticket and wear their casual clothes. It was wonderful to see them enjoy their celebrations treats.

Getting ready to start school or move to new class

- Get in the habit of going to bed early and getting up in time to eat breakfast. Young people need plenty of sleep and fuel for the day!
- Talk to friends and family members and find out who else is moving to the same school as you and who already goes there .
- Start taking responsibility for the things you need to do each day - getting your bag ready, doing work, and getting yourself ready in the mornings.
- Visit the website for your new school or this school if you are starting here and have a browse to find out as much useful information as possible.
- Practise packing all the things you will need to take to your new school. Get in the good habit of packing the night before.
- Plan the route to your new school and make a few trial runs when it's safe to do so. Check which bus to catch, the time and where from.
