Harehills School has always looked after our children. The teaching is excellent, very well structured, well taught and very warm welcoming. Harehills school is one very big family and my views about this school is that every child is different. The school is very well managed and it is a credit to the leadership team.

This school I can say my 6 kids have been coming to school, never been upset with anything they spend good times in Harehills Primary school, always been happy, still miss their teachers.

Still come to see them.

More science lessons, more homework, more art, more RE.

My child has been well supported as she has a hearing aid and needed to be encouraged to wear it.

The teachers at this school are second to none. If there is every any issues or concerns they deal with them straight away and also I have had a few difficult months and 2 of the teaching staff really helped me out and if it wasn't for them I honestly don't know what I would have done.

My child loves maths, science and art. I like that my child is getting the help he needs and how the teachers let us know how they are doing.

I like that all the teachers try their best to make learning fun and think very strongly about health and safety. We appreciate everything this school does to help us. Thank you.

It has many different subjects and teaches many children to be well behaved in this school. The most thing I really love about this school is that we always learn, laugh and love.

Always make children welcome and feel loved, my son is in his first year at nursery and he loves coming and is so happy. He has also learned a lot in the short time he has been here which shows they are definitely meeting his needs. I can't thank the nursery staff enough for what they all do for my child.

School building needs to be improved. School needed more space.

When I bring my child to Harehills Primary it feels welcoming like a family.
